Hi all,

The PowerPoint has been changed to reflect the fact that the SLT meeting on March 2 is now more of an opportunity to share information on CIC work and outreach than a workload analysis. We can share more at 1:30.

Thanks, Libby

Hi all,

We'll try to send the PPT shortly but in the meantime thought I'd send you the flyer that we also pulled together and plan to share. I'll have a few hard copies this afternoon as well.

Thanks, Libby

Hope this works better for all.

Would like to share our analysis of CIC workload relative to SF priority sites, required and recommended CIC activities, and the risk of not having CIC involvement. Would like your review and input. Will get you materials beforehand for your review. Would like your help in prep for our SLT resource presentation. Thanks!!!
